RESEARCH AND SURVEY TOUR 2026

Event: Research and Survey Tour at Adilabad District, Telangana

Duration: 2 Days

Participants: 35+ Selected Volunteers

Introduction:

The Research and Survey Tour in Adilabad District, Telangana, aims to assess the needs of underprivileged communities through focused surveys in **education, healthcare, and agriculture**. The project seeks to identify key challenges such as limited access to quality education, inadequate medical facilities, low health awareness, and farming-related difficulties due to poor resources and infrastructure.

With 30+ selected volunteers, the initiative will collect field-level data to design targeted interventions including educational support, medical assistance, financial aid, and awareness programs, contributing to sustainable community development.

Day 1: Survey Day

Activities:

Educational Survey:

- Assess the condition of primary and secondary education in villages.
- Evaluate access to quality education, especially in remote and tribal areas, and identify key barriers.
- Conduct interviews and surveys with villagers, parents, teachers, and students.
- Collect data on school infrastructure, availability of teachers, learning resources, and student enrollment and retention rates.

Health Survey:

- Assess the availability and accessibility of healthcare services in rural and underprivileged areas.

- Coordinate mobile health units to provide basic medical support to villagers.
- Organize health camps offering general check-ups, basic screenings, and health awareness sessions.
- Collect data on prevalent health issues and healthcare needs of the community.

Farming Survey:

- Assess the farming practices and challenges faced by farmers in the District, particularly in rural and tribal regions.
- Evaluate access to agricultural inputs such as seeds, fertilizers, irrigation facilities, and the availability of training and extension programs.
- Organize awareness sessions or workshops to educate farmers on **sustainable and climate-resilient farming practices**.
- Promote demonstration plots to showcase best practices, improved crop management, and modern agricultural techniques.

Reports:

Objective:

- Compile a comprehensive report with survey findings and analytics.
- Identify areas for intervention and develop plans for assistance.

Data Analysis:

- Analyze the collected data from the education, health, and farming surveys.
- Identify key challenges and opportunities for improvement.
- Conduct data interpretation and generate meaningful insights.

Report Preparation:

- Prepare a detailed report with survey findings, analysis, and recommendations.
- Include statistical data, case studies, and success stories.
- Highlight areas requiring intervention and propose actionable solutions.

Presentation and Dissemination:

- Present the report to relevant stakeholders, including local authorities and organizations.

- Disseminate the report through online platforms, local media, and community channels.
- Seek collaboration and support from government agencies, NGOs, and philanthropic organizations.

Day 2 – Exploration:

Objective:

- Promote tourist places in Adilabad District.
- Engage with local communities and raise awareness about tourism potential.

Visit Tourist Places:

- Explore popular tourist destinations in Adilabad Dist.
- Highlight unique features, historical significance, and cultural attractions.

Research and Survey Tour Schedule:

Date	Time	Activity
Day Before Survey Tour	5:00 PM	Pass all rules and regulations for Volunteers in Whatsapp groups and make sure all arrangements are done.
	9:30 PM	Every member should move to a suitable location to arrive at the pickup point on time.
Survey Tour Day 1	4:15 AM	All Volunteers should gather at the Bus.
	4:30 AM	Bus starts at Gandumaisamma.
	7:00 AM – 8:00 AM	Breakfast in the bus
	11:00 AM	Arrival at the destination.
	11:15 AM	Discussion and allotment of the survey plan.
	11:30 AM – 2:30 PM	Conducting the survey.
	2:30 PM – 3:30 PM	Lunch
	4:00 PM – 6:00 PM	Continue with the survey.
	6:15 PM – 7:00 PM	Reach Kothanandigama for night stay.
	7:00 PM – 8:00 PM	Dinner followed by preparing survey report
Survey Tour Day 2	8:00 AM – 8:30 AM	Breakfast
	8:30 AM – 9:30 AM	Travelling
	9:30 AM – 11:30 AM	Field Trip
	2:00 PM – 2:00 PM	Kuntala Waterfalls
	2:00 PM – 4:30 PM	Lunch followed by Visiting Waterfall
	5:00 PM	Start journey Back to Hyderabad
	11:00 PM	Arrival in Hyderabad

Plan of action for Research and Survey Tour, broken down into three phases:

Before, During, and After the survey tour.

Before the Survey Tour:

1. Document Preparation:

- Ensure all necessary survey forms, questionnaires, and data collection tools are ready and distributed to volunteers.
- Prepare a checklist of required documents, equipment, and supplies for the survey (e.g., clipboards, pens, first aid kits, cameras, GPS devices).

2. Transportation and Accommodation Arrangements:

- Confirm the availability of buses and make sure they are in good condition for the trip.
- Make necessary arrangements - accommodations for volunteers in Balampur.

3. Communication and Coordination:

- Set up clear communication channels among all participants, including mobile numbers and group chat platforms.
- Coordinate with volunteers to inform them about meeting point (Gandimaisamma) and departure time (4:30 AM).

4. Volunteer Requirements:

- Advise volunteers to carry two sets of clothes, personal care items, power banks, charging cables, and any necessary medications.

5. Behaviour Conduct and Etiquette:

- Organize a briefing on appropriate behaviour, emphasising respect for villagers and fellow coordinators.
- Highlight the importance of professionalism, responsibility and sensitivity when interacting with the community.

6. Media and Documentation:

- Plan for video and photography coverage during the survey, assigning responsibilities to volunteers.
- Ensure all necessary equipment is charged, and backup storage is available for media files.

During the Survey Tour:

1. Morning Departure:

- Ensure all volunteers are present at the designated meeting point (Gandimaisamma) by 4:30 AM.
- Provide breakfast on the bus for the journey.

2. Survey Activities:

- Conduct a discussion and allocate survey roles and responsibilities upon arrival at the destination (Adilabad Dist.).
- Begin the survey activities, following the pre-established plan.
- Take scheduled breaks for lunch and rest as mentioned in the schedule.

3. Behaviour Guidelines:

- Continuously emphasise respectful and polite behaviour when interacting with villagers.
- Encourage volunteers to maintain a positive and helpful attitude throughout the survey.

4. Media and Documentation:

- Ensure photographers and videographers capture relevant content during the survey.

After the Survey Tour:

1. Report Preparation:

- Collaborate with volunteers to compile the data and insights gathered during the survey.
- Begin the process of preparing the comprehensive survey report, including data analysis, case studies, and recommendations.

2. Presentation and Dissemination:

- Schedule a presentation of the report for relevant stakeholders, such as local authorities and organisations.
- Disseminate the report through online platforms, local media, and community channels to raise awareness.

3. Reflection and Feedback:

- Conduct a debriefing session with volunteers to gather feedback on the survey tour's effectiveness and areas for improvement.
- Use this feedback to refine future survey tours and community engagement efforts.

4. Storage of Media Files:

- Ensure that all media files (photos and videos) are organized and stored securely for future use or reference.

5. Thank You and Acknowledgment:

- Express gratitude to all volunteers and participants for their contributions to the survey tour's success.
- Recognize and acknowledge the efforts of volunteers through social media or other platforms.

Here are some rules and guidelines that volunteers should follow during the Research and Survey Tour:

1. Punctuality is Key:

- All volunteers must arrive at the designated meeting point on time in the early morning. Delays can disrupt the entire schedule.

2. Dress Code and ID Card:

- Volunteers should wear STM (Survey and Tour Management) t-shirts or plain white shirts/tops as specified.
- ID cards must be worn at all times during the tour for identification purposes.

3. Active Participation:

- Every volunteer is expected to actively participate in the survey activities and contribute to data collection and analysis.

4. Stick Together:

- It's important to stay with the group and not wander off alone. This ensures safety and efficient coordination.

5. Carry Essentials:

- Volunteers should be well-prepared for the 2-day tour and carry essentials such as clothing, medications, and personal hygiene products.

6. Respect and Politeness:

- Treat villagers and fellow volunteers with respect and politeness at all times.
- Avoid confrontations, arguments, or any behavior that could offend or upset others.

7. Confidentiality:

- Respect the privacy and confidentiality of the surveyed individuals and their responses.
- Do not disclose personal information without consent.

8. Responsible Behavior:

- Volunteers should act responsibly, especially when handling equipment like cameras or survey forms.

9. Safety First:

- Prioritize safety during the tour. Follow safety instructions and guidelines provided by the tour organizers.
- In case of an emergency or injury, inform the tour coordinator immediately.

10. Cleanliness and Hygiene:

- Maintain personal hygiene throughout the tour to ensure the well-being of all participants.
- Dispose of trash responsibly and keep the survey areas clean.

11. Collaboration and Teamwork:

- Foster a spirit of cooperation and teamwork among volunteers.
- Share knowledge, experiences, and insights to enhance the quality of the survey.

12. Follow the Survey Plan:

- Adhere to the survey plan and instructions provided by the survey coordinator.
- Report any challenges or issues promptly to the designated authority.

13. Cultural Sensitivity:

- Be culturally sensitive and respectful of local customs and traditions.
- Seek permission before taking photos or recording videos, especially in sensitive areas.

14. Communication:

- Keep communication channels open with fellow volunteers and coordinators.
- Stay informed about any changes or updates to the schedule or activities.

15. Enjoy and Learn:

- While the tour's primary objective is research and survey, also take the opportunity to learn from the local community and enjoy the experience.

Conclusion:

In conclusion, the Research and Survey Tour in **Adilabad District, Telangana**, is a systematically planned initiative designed to address the requirements of the local community through detailed surveys in the fields of **education, healthcare, and agriculture**.

With the support of **30+ committed volunteers**, the tour aims to recognize key challenges, collect relevant data, and recommend practical solutions for community development. The plan includes thorough preparations prior to the tour, clear guidelines for volunteers during the survey, and a strong emphasis on professionalism, mutual respect, and cultural awareness. By following these guidelines and values, we strive to conduct a meaningful and effective survey tour that not only supports the local population but also encourages a constructive exchange of knowledge and experiences.
